

I listen to K-LOVE Christian Radio everyday and support the station through a monthly pledge. K-LOVE gives me the opportunity to focus on the Lord and worship Him anytime of the day through music and teaching. If K-LOVE were to be displaced by an LPFM broadcaster it would effect the local community because K-LOVE encourages people and causes people to evaluate their lives and how they treat others. I truly believe peoples lives are being changed by listening to K-LOVE. I think K-LOVE is in the best public interest because they have help lines and pastors on staff that pray throughout the day for everyone who calls in for help. Please do not force K-LOVE off the air by enacting rule chages to give LPFM priority over FM translator service. Thank-you, Joan Comstock
